

Dynamic Languages SIG: Focusing on the Flow with Dot / GraphViz

Dayton Microcomputer
Association Meetup

For April, Evelyn Boettcher brings us an excellent talk previously seen at Dayton Data Visualization:

“dot” draws directed graphs as hierarchies. It runs as a command line program, web visualization service, or with a compatible graphical interface. Its features include well-tuned layout algorithms for placing nodes and edges, edge labels, “record” shapes with “ports” for drawing data structures; and cluster layouts (cite: www.graphviz.org/pdf/dotguide.pdf). Because “dot” takes care of the layout, you are free to focus on how objects are related to each other. Graphs are simply written as a human readable text file:

```
digraph mydotgraph {main -> parse -> execute;}
```

. This talk will give you the tools to start making your own graphs either organizations charts, software flow diagrams, or work flows using dot.

The Dayton Dynamic Languages SIG discusses languages like Perl, Python, Ruby, PHP, Javascript, and so forth, plus the

techniques and technologies common to them all.

Dynamic Languages SIG: TBA / General Discussion

Dayton Microcomputer
Association Meetup

We're looking for a May topic – otherwise we'll have general, unstructured discussion.

Open house and drop-in glass paperweight making starts February 26, 2017 at 01:00PM

Open house – free! Drop by to meet Dayton Diode members and get the tour of our wood shop, metal shop, electronics lab, and 3d printers. NO pre-reg needed for open house/tour. Drop in paperweight making (we can accommodate about 20 people). Ages 12 and up (with parent helping). Paperweights will be available for pickup at Dayton Diode in about a week. \$20 for one paperweight, preregistration preferred but not required. (4 people can register per half hour)

Board of Trustees meeting

Dayton Microcomputer
Association Meetup

The Board of Trustees will meet at 7 PM in the Community Room at the Greene. The room is behind Panera Bread in the Greene. All trustee meeting are open to members of DMA. Give us your 2 cents worth.

We will meet at 6 PM at El Toro across the street from the Greene for our social hour. It is in the NE corner of the shopping Center.
